Your daily ritual, elevated.

In Nepal, 'Chiya' is more than tea. It's the greeting when friends meet, the peace in the morning mist, and the warmth on a rainy afternoon. We bring that spirit to every cup we pour.

- Hand-steeped to perfection using traditional pots.
- Served in eco-friendly, locally-made clay 'Matka' cups.
- Supporting over 50 small-scale farmers in the hills of Nepal.
